ALCEDO WINS THE SUBURBAN.

L. V. Bell's Colt, Superbly Ridden by Spencer, Takes Great Classic—
Time, 2.05 3-5, New Race Record—Ethebert
Is Next to Last.

THE WINNER OF THE SUBURBAN HANDICAP.

Alcedo, first.
Watercure, second.
Toddy, third.
Time—2.05 3-5.

This was the finish of the nineteenth Suburban Handicap.
The time is a new record for the race.

The candidates reached the post at 4:10.
There was a long delay. Frantic heels flying out and horses dancing about with their nerves on edge. Ten, twenty, thirty minutes past.

At last, the starter, Chris Fitzgerald, the starter, coaxed and threatened them into coming at him in something like a straight line.

It was exactly 4.40 P. M.
Like a flash he released the barrier and shouted, "There you go!"

The time flag dropped and the race was on.
A mighty roar came from the grand stand as Ethebert, the son of Ethen, took the lead in the first jump. He was the favorite and carried a ton of public money. At his heels were All Gold, Alcedo and Blues. The others were still lurching.

All Gold raced past Ethebert in the quarter.
They were flying along neck and neck. Alcedo was running easily in third place.

At the half-mile post Spencer took Alcedo to the front. Ethebert, struggling under his big weight, was a neck away. All Gold and Blues were still fighting for the lead.

The light-weighted Toddy joined the flying leaders at the three-quarters and Alcedo dropped back.
Ethebert was gradually tiring and a spasm came from the stand as the favorite gradually dropped back.

At the mile Toddy had taken the lead by a few inches from Blues. Ethebert was in fourth place.

Into the stretch they flew, whips flying and jockeys crying. The horses with extended nostrils and heaving sides,

put their every bit of vital energy into each leap. It was a thrilling sight. Alcedo was leading the thing Toddy by half a length. Within reach, but with their speed fast slowing, were Blues and Watercure.

In the rush for home Alcedo drew away under Spencer's superb riding and won by a length and a half. Watercure, past Toddy in the last strides and was second.

New to finish were all Gold and Blue. Starbright was sixth, eighth lengths away.

Ethebert was just able to bear out Sidney Lucas, who was last.

GREAT CROWD SAW THE RACE.

SHEEPSHEAD BAY RACE TRACK, June 15.—The nineteenth Suburban Handicap was run on a track that was wet, but still in a good condition and fairly fast.
Threatening weather reduced the attendance by many thousands, but as it was there were more than twenty thousand spectators in the grand stands and on the lawns when the classic race of the year was run.

(Special to The Evening World.)

WEST SIDE BALL PARK, CHICAGO, June 15.—Christy Mathewson jumped out of the box today determined to chase his hoodoo to the tall timbers or pitch his good right arm off in the attempt. It is up to Matty to win a game on the trip. He has held down the slab three times up to date and each contest was a loser.

The Giants will be minus the services of Capt. Davis again to-day, but they are not letting that worry them. They are sure they outclass the locals and with Matty on the slab and plenty of ginger in stock, they expect to win about as they please. Frank Bowerman was sent to the short field again in Davis' place.

If the Giants can win both the remaining games here they will score better than an even break on the present trip. Their record will be seven games won and six lost. Their chances of staying at the top of the heap look rosy at present.

Pittsburg plays Boston again to-day and Cincinnati to-morrow. Clark's men are more likely to get whalloped than to win two. The pennant race is a very close and the games of a week might put the leaders in the second division.

Jack Warner will catch Mathewson's speedy shoots again to-day. Alex Smith's bungled-up hand is still too sore to allow him to get into the fray. Chicago fans, who have studiously side-stepped Col. Hart's ball park this spring, took advantage of the chance to see Mathewson parade, and turned out a big delegation to-day. Fully 8,000 people were in the stands when play was called. It was a big surprise to the local team, who have been per-

forming before empty stands almost every day. It was one more evidence of Matty's drawing powers.
Big Rube Waddell, the erratic south-paw slab artist on Loftus' payroll, will oppose Mathewson to-day. Waddell thinks he is too good to pitch for a bunch of misfits like the Remnants, but he is anxious to get a crack at a big delegation to-day. Fully 8,000 people were in the stands when play was called. It was a big surprise to the local team, who have been per-

EIGHT TO FOUR FOR KENNEDY.

Report that that Is the Way the Jury Stands After the Seventh Ballot—Moore Says He Is Sure of Eight.

At 5 o'clock this afternoon it was rumored in the court-room that seven ballots had been taken by the Kennedy jury and that the vote stood 8 to 4 for acquittal.

Lawyer Moore, before the jury retired, said:

"I am satisfied that eight of the jurors are for acquittal."

Locked up in a room in the Criminal Courts Building twelve men are deliberating on the fate of Dr. Samuel J. Kennedy, charged with the murder of "Dolly" Reynolds.

The case was given to the jury at 12.20 o'clock, when Judge Newburger finished an exceptionally powerful and unprejudiced charge.

Then a short time was taken up in luncheon at the Astor House, after which the jurors went back into their room, to return with a verdict which will give Kennedy his freedom, will send him back to Murderers' Row in Sing Sing or will place him behind prison bars perhaps for a lifetime under a sentence for murder in the first degree, or to announce their inability to agree.

At this Mrs. Kenne... huddled.

As to the alibi defense, the Judge said that the alibi must be proved absolutely by reliable witnesses.

This method of defense was the one most commonly resorted to and must be substantiated to the smallest degree.

After the jury retired for deliberation a large crowd gathered in the corridors of the building and speculated on the result. The crowd was

WHAT THEY THOUGHT OF THE JUDGE'S CHARGE.

Lawyer Moore—I think that Judge Newburger's charge was one of the best ever heard in a New York court-room. I make no exceptions. As to the verdict, I am more confident than ever of acquittal.

Prosecutor Osborne—Judge Newburger's charge was a marvel in legal analysis and in instruction to the jury. My opinion as to the verdict is the same as it has always been. But let us keep silent and let the jury decide.

The two points in the Judge's charge which were considered as unfavorable to Kennedy were his inferences to the degree of murder and to the alibi defense.

If the jury found that the prisoner had killed the girl, he said, and had done so in a state of voluntary intoxication, they must find him guilty in the first degree. If the intoxication was not voluntary, and if it was such that it rendered Kennedy unable to form a definite intent to kill, then they might find him guilty in the second degree.

KENNEDY PLEASSED.

Dr. Kennedy seemed greatly pleased at the Judge's charge. "It was absolutely fair," he said. "I believe more than ever that I shall be acquitted."

divided as to acquittal, disagreement and guilty.

The jury commenced its deliberations at 2.05 o'clock.

The Judge's charge to the jury is reported on page two of this edition.
